

Weekly Newsletter 08/23/2019

Dear Warrior Families,

Welcome to the 2019–2020 school year. We have had a great first week here at S.H.S. Our current enrollment is 917 students which is exciting and also an increase from last year of 37 students. I am thrilled that we have new families moving to our community and joining our warrior family. They are in for a real treat on getting to know what “bleeding green” means!!

This year the high school is focusing on the theme *“Better Together”* and we’d like to partner with families and the community in an effort to provide the best experiences for our students here at the high school. For those new to our newsletter, my name is Tracy Platt and I am the proud principal of Smithville High School and would love to get to know as many of you personally as I can. With our new focus on partnerships I would like to provide opportunities for you all to get to know the high school staff and provide more detailed information on how you can help support us as well as hear your input on how we can better support you. I will be providing some dates and times in the next newsletter to join me at the high school for a relaxed and informal meeting to share exciting ideas that we will roll out to build a strong partnership. These meetings will take place quarterly with the first meeting happening in September. This newsletter will go out weekly on Thursday afternoon and which will provide a summary of last weeks events as well as some upcoming events. I look forward to a wonderful year partnering with all of you and hope you will join me in our efforts to prepare students for a successful future!

Your Proud Principal,
Dr. Tracy Platt
