Device Pick Up is Happening Now!

High School students, you will need your device the first day of school.

If you are high school student and you have not picked up your chromebook, please make arrangements to do this today or tomorrow. Chromebooks will be needed on the first day of school.

Thursday August 27 and Friday Aug 28th from 7am to 7pm at the Performing Arts Center. These are the last days

If your device from last year was not turned in, you can also turn in that device so you do not incur a charge for a missing device. Typically devices would be handed out after school is in session; however, with some students virtual and other students face-to-face we wanted to get devices in students' hands immediately.

During this handout everyone entering the building will be required to wear a mask and social distancing will be enforced. We will provide a safe minimal contact environment for those picking up devices by propping open doors and cleaning areas often as required.

On August 24, 2020, members of the Greater Kansas City Suburban Conference, representing 27 schools in the Kansas City, Missouri area, voted unanimously to continue with all fall activities that are offered in the GKSC.

Fall activities include the following sports governed by the conference:

- Boys and Girls Cross Country
- Football
- Girls Golf
- Boys Soccer
- Softball
- Boys Swimming and Diving
- Girls Tennis
- Volleyball

It's a great day to be a WARRIOR!

Payments in the office

In light of Covid-19, we would like to limit exposure into the front office as much as possible. So what does this mean for student payments? Families are being asked to use the online payment platform as much as possible.

Have you heard about RevTrak? RevTrak is our online platform for making payments to your student(s) account. Why is this a great way to make a payment? It's great because payments are posted instantaneously to your student(s) account. There is no waiting period for manual posting. Lastly, it's incredibly user friendly and super easy to use.

We know new technology can be worrisome, so if you still have questions or are unsure how to use this amazing system we have a solution to help you. Please contact our Bookkeeper, Stacey Sapp, and she would be happy to help walk you through it.
