SHS will be holding an optional ACT practice test for current Juniors on Friday, October 23rd from 7:45 am-noon. The test will be given at the high school and students will be spread out to maintain physical distancing. Even though this is a virtual learning day, ACT testers will be expected to be in attendance at the high school. The purpose of this test is to provide students with a baseline score so they know what academic areas to work on before they take the official test.

Additionally, juniors may elect to participate in an ACT Virtual Bootcamp to be held on Wednesday, November 11 from 8am-noon. This is an interactive test prep with built-in breaks that students will access from home. Please consult your student's counselor if you have questions about whether the ACT is recommended. Typically, students pursuing post-secondary education take the ACT. It is required for admissions at many 4 year universities and is used as a placement test at community colleges.

In early November, you will be given an opportunity to sign up for a fee waiver to be used to take the official ACT for free on your own at a local testing center.

You must sign up [here](#) by October 10th for the October 23rd Practice ACT and/or the November 11th ACT Virtual Bootcamp.
