

Option 1	Group 1	Group 2	Group 3	Group 4	Group5	Group 6	Group 7	Group 8
PROS								
	1. Levy is a reasonable amount	1. Regionalized for parents, less drive time	1. Convenience	1. Transportation - buses would be centralized	1. Less bus times	1. All kids in same school	1. Two transitions	1. Kids together @ 7th grade vs 9th
	2. Fewer transitions	2. Less transitions for kids	2. Fewer transitions	2. Middle less crowded	2. Only 2 transitions	2. Community, stability, cohesiveness	2. Financially more within bond	2. Long term relationships w/ smaller group of kids in Elem.
	3. Reduced transportation costs	3. 10+ yr w/out another building	3. Easier transition w/ current staffing	3. Positives to neighborhood schools	3. Families have an extended time with the same school community	3. Parental involvement	3. Capacity - 10 years	3. 7th grade & on for Athletics
	4. ECSE is addressed in this plan	4. Get rid of trailers	4. 75 kids per grade (relationships)	4. Provide mentoring opportunities	4. 7th & 8th grade come together to promote Warrior family	4. Shorter bus rides		4. Less bus time
		5. Programming easier for kids		5. Smaller teaching teams	5. 6th graders not with 7th & 8th grade	5. 2 transitions		5. Face lift-remodel selling point for PES
				6. Common planning w/teams of 4	6. Multiple children families could be in same school for extended amount of time	6. Build relationship w/kids through span in bldg		
				7. Behaviors could be less, in same building longer	7. Curriculum wise it is a solid transition time	7. Cost of transportation's, lunch times, academic collaboration		
				8. Two transitions		8. Role models		
						9. Research provides this is BEST for kids, social emotional health		
CONS								
	1. Roof replaced @ PES not included	1. How can you keep the 525?	1. ECC at MS	1. K with 6th grade	1. Students are separated from other grade levels	1. ECC	1. Neighborhood schools	1. Neighborhoods have vs have not
	2. Average per grade level could be off already causing an issue	2. Already been defeated 2x	2. Failed twice	2. Boundaries	2. Create the sub district boundaries	2. See others viewing that kids can't know each other. Do not agree	2. Levy failed primarily b/c of neighborhood schools	2. Perception of "old school"
	3. New prop. on current land purchased but what are boundaries? (# of students)	3. Most challenging for students- creates pyramid (social challenge)	3. Old school for some/new for others			3. See others viewing a concern of what building they will get. Do not agree	3. Middle School- 2 years	3. Boundaries

			6. Still have kids in "old" school		6. Split the District into half-not one family	6. More land		
			7. 5-8 share outdoor facilities-crowded campus		7. Issues combining extracurriculars	7. Unanswered questions		
					8. Buy more land	8. Hard to communicate		
					9. No teaming/collaboration for teachers- they are on an island	9. Tough sell		
						10. Two groups-division until 9th		
						11. Too expensive-will NEVER pass w/ community		
Option 3	Group 1	Group 2	Group 3	Group 4	Group 5	Group 6	Group 7	Group 8
PROS								
	1. No boundaries	1. No attendance boundaries/easiest to sell to community	1. Not neighborhood schools	1. No boundaries	1. No attendance boundaries	None	1. Attendance centers-neighborhood	1. Uninformed voter will vote yes
	2. Grows ECSE	2. Other cities transitioned and loved (Ohio & Ill)			2. All kids in same grade level in same school			
		3. ECSE has no transitions						
CONS								
	1. 4 transitions	1. 4 transitions	1. Transitions	1. More \$	1. 4 transitions	1. Transitions	1. A lot of transitions	1. Too many transitions
	2. Most expensive plan	2. Tried by Kearney/Liberty-negatively received	2. Doesn't change length of bus ride	2. More transitions	2. Operational cost increase	2. Parental involvement down	2. Less connectivity	2. Lots of money to do
		3. Very large 2-4 building	3. What happens when we run out of room?	3. Issues down the road	3. Longer bus rides	3. More staff needed	3. Most expensive	3. Relationships w/ students & staff suffer
		4. Expensive in the long run	4. 300 students per grade	4. Biggest Challenge: How do you stay profitable as a commercial business owner w/ higher tax rates?	4. Current campus will be even more congested	4. Rec capacity per bldg is 600-900?		4. Build where we own land

					5. Does not enhance community relationship among kids	5. Hard for kids who struggle anyway		
					6. Students move from school to school	6. Research shows this is NOT good for kids		
					7. Parents could have kids in five different schools	7. Lack of collaboration		
						8. Lack of role models
